May 30, 31

**Location: Santa Fe Community Yoga Center, 826 Camino de Monte Rey

COURSE FORMAT

The course takes place over 4 weekends (Friday evening and all day Saturday) spread over 4 months. There are also 12 small group meetings that take place between the 4 weekends for support and next steps.

The course work is divided into 4 major classes which run throughout the four months concomitantly. They are:

- **Getting Present: Letting go of Story**

Healing the past is one step – redeeming all lost and discarded parts of ourselves to their original innocence and blessing it all is necessary to regenerate the hidden cells of negativity. This process releases pain/fear from our body and auric field and replaces it with light. We then can let go of our ‘stories’ and begin living intentionally – cocreating with our divinity.

- **Self-Mastery Tools for Cocreators**

Self-mastery skills of observation, acceptance, compassion and self-forgiveness invite grace to be a daily experience. The ego begins to take direction from our divinity and “my will becomes thy will”. Then with impeccability, courage, trust, loyalty to the Soul, positive self-talk and Blessing it all we are free to step onto the divine cocreation playing field.

- **Visioning and Intention: Cocreating your personal heaven**

Cocreating embraces growth, expansion and revelation. Designing your heaven requires greater levels of attunement with divine guidance. As you begin to vibrate with the essence of your personal heaven that vibration expands to include not only your family, but your community and the world at large.

- **Living as Soul**

Living in the ongoing revelation of your Soul requires greater and great levels of cooperation. Each Soul’s journey is unique. Support is often necessary to have the courage to live in this greater reality.

Each class is presented in the weekend format and continued between the weekends with follow-up weekly support group meetings. Support group meetings give invaluable continuity to the process of becoming a spiritual scientist. **They are a required part of the course.**

These will be presented at the first weekend of the course.

AURA BALANCINGS

It is **recommended** that participants have at least **one aura balancing** during the months of the course. Aura balancing release blocks in the auric (energy) field around the body that can unconsciously limit our awareness of our divinity and ourselves as Soul. The aura also contains the unseen blueprint for each Soul's unfolding. The recommendation is **two aura balancings** during the length of the course. Contact Rebecca Skeele for the cost and to schedule your aura balancing.

Therefore, take the time to answer honestly – for yourself. Growth, expansion and revelation begin now. (You may use a separate piece of paper)

- 1. Please tell us about your spiritual/religious upbringing. Were you raised in a religion? Or not? What was that like for you?**
- 2. Have you chosen a spiritual/religious path/practice to follow as an adult? If so, which one? Do you have a spiritual teacher? If so, who?**
- 3. What does that spiritual/religious path/practice give you? If you have not chosen one please share your reasons.**
- 4. What left over limiting beliefs, fears, conditionings about good/bad, right/wrong, moral/immoral, God/Devil, Jesus/Mary, Sin/Salvation, Other (Priests, Nuns, Ministers, sacraments of the church) are you still carrying?**
- 5. What does this statement mean to you: "What you are looking for is inside. What you are seeking is you."**
- 6. What does it mean to you to give up your story-based reality and begin living intentionally as a cocreator?**
- 7. Whom or what do you need to forgive? What blocks you from forgiving them?**
- 8. How open are you to changing at this time in your life? If you are open, what do you want to change or look differently in your life?**
- 9. How much personal work have you done to let go of your past? Heal childhood memories or trauma? Let go of family beliefs and conditioning behaviors?**
- 10. Do you have any addictions? If so, what are they?**
- 11. Do you see yourself as a cocreator with your Divinity? If so, how? If not, please explain.**
- 12. Who are you?**
